Welcome to Exotic Wings USA your small to mid size bird wholesaler. All our parakeets are locally raised. We are located in central Oklahoma. We supply the United States of America from coast to coast with the finest quality of small birds.

We carry Parakeets, a variety of Finches, Lovebirds, and [Cockatiels](#), . We also ship to Puerto Rico, and have a Canadian branch called [Central Canada Budgie](#) that supplies Canada from coast to coast with Budgies. Exotic Wings USA started in 2003 and has experienced a good steady growth to where we are today.

We are a wholesale supplier to Pet stores and major bird outlets in the US and Canada, and will refer you to wholesale parakeets in Mexico as well.
